## Heavy Duty Commercial Workbenches

The ACTIWORK Durabench range of benches is a bench designed to be raised and lowered to ensure the perfect working height at all times. With its simple and sturdy design and practical layout – the ACTIWORK Durabench meets any requirement and need in any workshop.

The ACTIWORK Durabench is manufactured from punched and folded steel sheet for strength and durability and then powder-coated for rust-resistance. Available in various lengths and widths, with many available options for the bench-top finish.
