ACTIWORK ///

Heavy Duty Commercial Workbenches

Workbenches BL production are designed to be used above all in electronic and mechanical workshops and everywhere high quality work places are required.

They meet all the exigencies of a modern work place: they are sturdy, modular, flexible, and equipped with a wide range of indispensable optionals for the personalisation of the work place.

They offer a large choice of sturdy wooden (multi-layer, urphen, rolled beech-wood) work tops together with various types of legs and chests of drawers (27x36 units) and can be equipped with panel and tool-holder walls. These characteristics make the Benches “BL” production top quality products.

Workbench Top Options

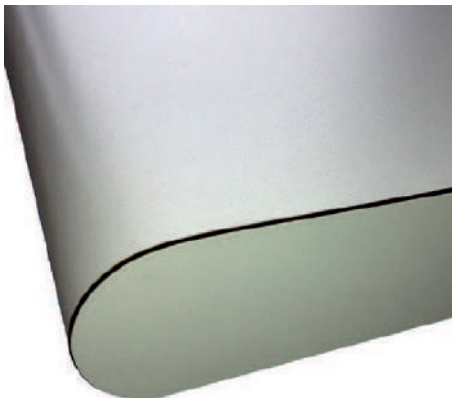

Laminated Hardwood

Consists of lengths of Solid Hardwood laminated for strength 35 or 40mm thick sealed with UV resistant Polyurethane clear finish

ACTIWORK Urphen

Is a 8mm synthetic layer over 38mm multistrata laminated timber. This product is ideal when working with oils grease and dirt. Extremely hard wearing.

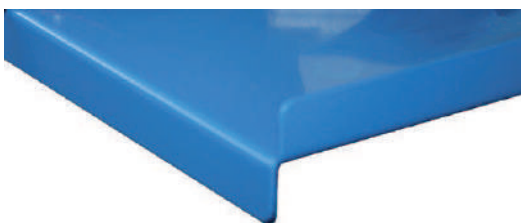

Anti-Static Laminate

The answer to ESD needs layed out 35mm timber it creates a strong top, 4 colours to choose from

RTT: 10E6 - 10E9 ohms

RT6: 10E6 - 10E9 ohms

RWL Less than 10E8 ohms

Heavy Duty Steel

3mm heavy folder steel plate over steel frame, rounded edges, standard hunter blue over 1000 optional colours.

Workbench Top Options

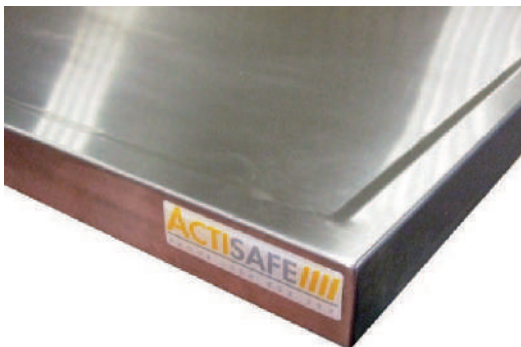

Galvanised Steel

2mm galvanised sheet folded over 40mm timber substrate, welded corners.

Stainless Steel

1.6mm 304 grade brushed finish over 40mm timber substrate with welded edges.

Stainless Steel 'Wet Edge'

1.6mm 304 grade brushed finish over 40mm timber substrate with weld edges, also having a 'wet edge' (raised edge) to prevent spillage.

Industrial Workbench

BLM production consists of work tops on wheels, equipped with furniture assembled into the structure. Chests of drawers are available in various set, furniture are with door with lock and equipped with inside adjustable shelf, the compartments without doors have fixed shelf.

The work top is made of wood, 40 mm thick, and can be equipped with side and back protection edges.

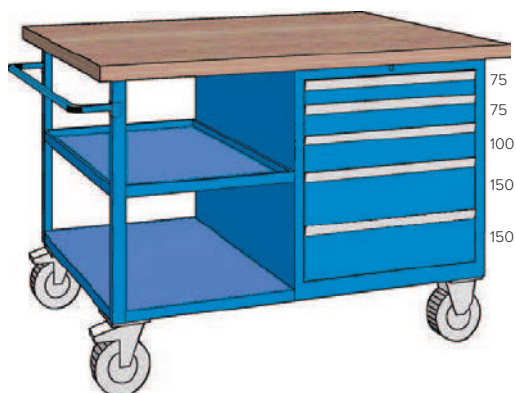

Drawers are equipped with security lever to avoid the accidental opening while displacing.

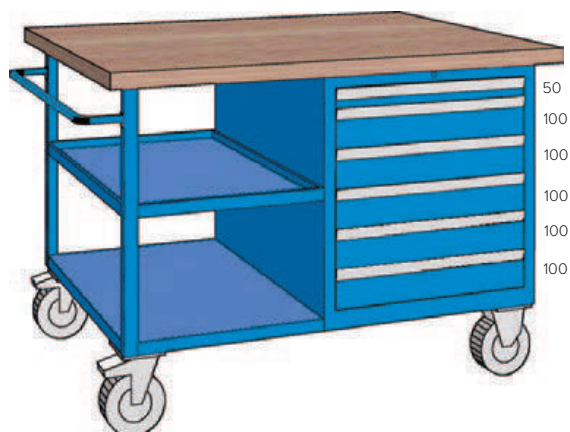

Security lever drawers lock.

Optional Accessories

Equipped systems for benches

The equipped systems for benches consist of modular and interchangeable elements and options to assemble industrial benches.

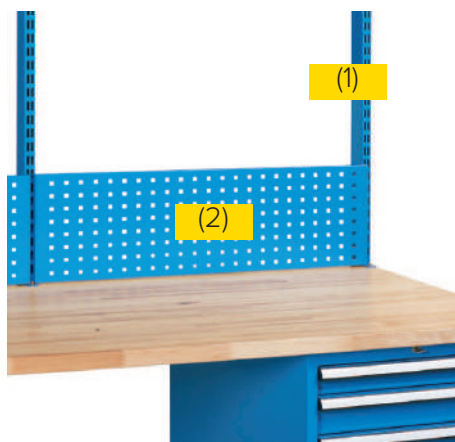

Industrial Workbench

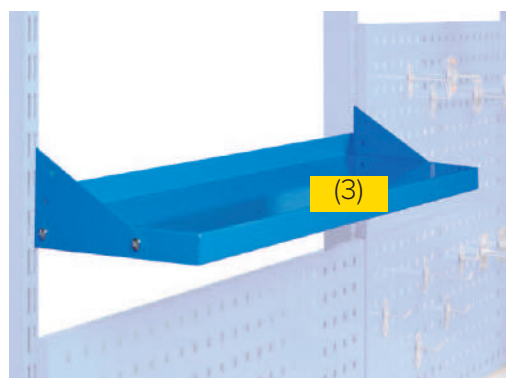

Customize to suit the needs of your industrial and storage requirements.

//// Why Choose ACTIWORK?

/ Customised Solutions

No two customers have the same requirements. We customised our products and solutions to suit your business.

/ Ergonomics In Action

ACTIWORK Workplaces are designed to bring the human factor into your workspace.

/ Aussie Made & Supported

ACTIWORK not only supports the concept of Australian Made, but we use it wherever possible.

The Workplace Experts

ACTIWORK is a leading manufacturer and importer of industrial workstations and furniture. We provide industrial furniture and workstation solutions that enable our customers to secure their efficiency.

ACTIWORK Workshop solutions increase your workers' productivity, thereby increasing performance and ultimately leading to higher business profitability.

Our Process

Knowledge is the most essential ingredient, Our team handles everything from planning to launch - that's why our clients look so rested.

ACTIWORK sees the key feature of today's Business requirements and is offering solutions in a complete process, starting with design of products, custom suited to customer's needs, design and layout of workshops, factories, process lines and offices.

At ACTIWORK, Safety is Everything

We believe in an Incident and injury free environment on all work-sites and when manufacturing our products.

ACTIWORK Consistently strives to meet or exceed all safety laws and regulations wherever we are to ensure our employees are able to arrive home each night safe and sound process lines and offices.
