

Mining Lockers

Extreme Duty Cabinets

Extreme Duty Cabinets Mining Lockers

The ACTIWORK Range of Extreme Duty Cabinets are used to store each shift's specialised tools and equipment with order and security. These Lockers are designed, engineered and manufactured by Actiwork in Australia. Both the ALK1392 and ALK7094 are made to withstand the harshest conditions with full sheet steel construction and powder-coated finishes.

ALK7094 Crew Locker

The ACTIWORK ALK7094 Crew Locker protects the tools and belongings of individual crew members. The middle heavy duty shelf offers a 500kg weight capacity, suited to the safe storage of tools and toolboxes while the reinforced doors feature square hole panel for hooks and other accessories to expand on tool storage capability. This Locker can also be optioned with the ACTIWORK CR-800-06 mobile drawer cabinet, for access to tools that are needed on hand. This unit conveniently wheels into the open base of the locker.

Features include:

- Workshop Manual storage
- 500 kg Tool Box storage Shelf
- Hanging Panel
- Tool Holders
- Open base for Tool Trolley access
- Can Holder
- 2000Kg capacity
- Dimensions: 1540mmW x 948mmD x 2016mmH

ALK1392 Tool Locker

The ACTIWORK ALK1392 Extreme Duty Cabinet is designed and manufactured for storage of specialised heavy tools and equipment. Coloured decals to the top of the doors available for shift recognition.

Features include:

- 5 large shelves
- 1 small shelf
- 40 hanging positions
- 58 tool holders
- 3000Kg capacity
- Dimensions: 1303mmW x 927mmD x 2208mmH

Locking Mechanism

Lockers are built standard with a pad-lockable handle, other options are available such as key locks and keyless digital locks.

Construction

Lockers are manufactured from heavy sheet steel.

All steel parts are zinc coated and have a rust-resistant powder-coat finish.

Custom heights and sizes are available on application.

Fully welded inner and outer frame for strength and stability, Reinforced Door, Flow through ventilation, Hanging Rails, Heavy duty adjustable height feet and super duty hinges.

Powder-Coat Colour

ACTIWORK utilises the RAL colour system throughout it's product range giving our clients a much broader spectrum of finish across the range products

RAL is a colour matching system used throughout the world.

In colloquial speech RAL refers to the RAL Classic system.

Since correct "colour-communication" is of extreme importance to achieve correct matching in any industry or country.

ACTIWORK also provides product finished in any colour as specified by the client.
